

**Winchester City
Tree Commission**

**Special Meeting
9:00a.m. Thursday, December 10th 2009**

Braddock Street between Millwood and Wyck Streets

Minutes

Present

Tree Commission Members: Kate Christen, Patrick Farris (chair), Allison Major (vice chair), T'ai Roulston, Mary Stickley

City Staff: Tim Stern

Guests: Woody Bousquet, Cheryl Crowell, Gerald Crowell, Dr. Beatty

Tree Commission members and city staff gathered at the intersection of Braddock Street and Piccadilly Street at 9:00am. The meeting was called to order at 9:10am and the Commission commenced walking the zone of the Downtown Infrastructure Improvement Project by 9:15am.

At each tree planting location discussion concerning the appropriateness of species took into consideration power lines, proximity of buildings, flagpoles, signage, and other trees, as well as keeping an eye towards aesthetics and ensuring both a healthy diversity of species and a preference towards native species where possible.

The Commission completed its survey of all locations on Braddock Street by 12:15pm, and adjourned at that time, agreeing to hold a second meeting as soon as possible to review the remaining tree planting locations on Cameron Street. The total number of tree planting locations reviewed during the course of this meeting was 65 (63 locations noted on the map prepared for the meeting and 2 additional locations created as a result of unplanned tree removals in the project area), out of the original 148 locations to be reviewed.

Respectfully submitted,

Patrick Farris

[Please find below the list of recommendations as made during this special meeting.]

Tree Well #	Recommendation
--------------------	-----------------------

- | | |
|---|----------------|
| 1 | Yellowwood |
| 2 | Yellowwood |
| 3 | Eastern Redbud |
| 4 | Chinkapin Oak |
